MEET US IN THE MIDDLE (OF CANADA)

ATTENDANCE GETS YOU

The Conference program is designed to offer fantastic networking opportunities - from our extended lunch, to our power hour and reception - you'll have great opportunities to make the connections that drive your initiatives forward.

Our Conference delegates include leaders in the water and wastewater sector - from utility managers to leaders in research and the consulting and technology companies who are driving innovation in the industry.

The Conference program features presentations on all aspects of water and wastewater treatment, management and innovation, meaning there's something for everyone!

It's important to us that our delegates not only have a great learning and networking experience, but also have fun! Enjoy our host city and be sure to attend our epic annual Conference Party!
