RE: Withdrawal of Select Guidelines for Canadian Drinking Water Quality

CWWA's Drinking Water Quality Committee reviewed the proposed withdrawal of Select Guidelines for Canadian Drinking Water Quality.

The Committee fully supports the proposal. Withdrawing Guidelines for substances no longer a threat to drinking water supplies simplifies the Guidelines and can reduce monitoring requirements for our members. We appreciate the continued efforts of the CDW to update the Guidelines as necessary.

Thank you for your consideration

Kara Parisien,
Sent on behalf of the Canadian Water and Wastewater Association Drinking Water Quality Committee
