

Electrician

Two (2) permanent, full-time opportunities with Hamilton Water – Hamilton, ON

Are you a self-motivated, licensed Electrician with a strong teamwork skillset and a “do it right the first time” approach? Can you work effectively both independently and as part of a team? If such is the case, the **City of Hamilton** welcomes your skills and experience.

Reporting to the Electrical Supervisor, you'll perform all duties required by the trade of an Industrial Electrician, including, but not limited to, troubleshooting, repair, and operational and basic predictive and preventive electrical maintenance duties on associated installations for Hamilton Water & Wastewater Treatment Facilities and Outstations. Such work will involve exposure to varying climatic conditions, potential exposure to trace amounts of treatment chemicals, sludge, water and wastewater, working at computer terminals, and working at heights and in confined spaces.

To succeed as an Electrician on our skilled team, you must be able to plan, organize and implement work pertaining to breakdown and preventive maintenance on electrical equipment, suggest improvements to existing equipment and maintenance practices and procedures, as well as contribute to optimizing performance, efficiency and effectiveness, while ensuring adherence to established procedures.

QUALIFICATIONS

Your qualifications as an Electrician will include:

1. A valid 309A or 442A Certificate of Qualification with a proven apprenticeship, with extensive experience in the Water/Wastewater or Manufacturing Industry.
2. Extensive experience working with large industrial process equipment, performing the duties of a licensed Electrician, in the Water/Wastewater or Manufacturing Industry.
3. Proven knowledge, experience, and proficiency in the operation and maintenance of medium-voltage and high-voltage (4.16 kV, 13.8 kV) electrical equipment, including, but not limited to: MCCs, VFDs, breakers, switchgear, and transformers and generators.
4. Strong analytical and problem-solving skills.
5. Ability to read and interpret electrical drawings and schematics.
6. Strong troubleshooting skills where schematics may not be readily available.
7. Good interpersonal skills.
8. Ability to obtain by examination within the probation period or already possess:
 - a. A Level I or higher Wastewater Treatment Operation, Certificate of Competency, and
 - b. A Level I or higher Wastewater Collection Operation, Certificate of Competency, and
 - c. A Level I or higher Water Treatment Operation, Certificate of Competency, and
 - d. A Level I or higher Water Distribution Operation, Certificate of Competency.
9. Self-motivation with a strong teamwork skillset, and ability to work both independently and as part of a team, and excel at planning, organizing and implementing work.
10. Familiarity with the Occupational Health & Safety Act Regulations that apply to this work.
11. Ability to pass a respiratory fit test and maintain self-contained breathing apparatus and other safety equipment.
12. Ability to work at heights and in confined spaces.
13. Ability to report on-call outside normal work hours, and report to various work sites.
14. A “do it right the first time” approach.
15. Ability to communicate effectively both verbally and in writing.
16. Self-sufficiency and proficiency in the trade.

NOTE 1:

- Must possess and maintain a Class "G" (or better) Driver's Licence valid in the Province of Ontario and a point-free driving record and/or a record found to be satisfactory to the City of Hamilton.

NOTE 2:

- As a condition of employment, the successful applicants will be required to obtain a satisfactory Criminal Record & Judicial Matters Check, at their own expense, prior to beginning work in this position.

These permanent, full-time positions offer a wage range of is \$36.060 - \$37.720 per hour (based on a 40-hour work week schedule).
