

Water and Wastewater Engineer

Kelowna, BC

About the Opportunity

We are looking for an engineer to join our Water and Wastewater team in Kelowna to deliver great service to our clients across Western Canada. Are you keen to build relationships with industry professionals and clients while working on exciting and inspiring projects that make a visible difference in many communities? Let's connect!

Coupled with the unmatched learning and project experience opportunities, some of your key responsibilities will be:

- Develop your civil engineering skills and work with a growing team to complete engineering designs for water and wastewater-related projects for municipal and First Nations Clients.
- Build relationships with existing project leaders, EIT's and clients.
- Provide accurate and timely input on technical reports, plans, studies, proposals, and oral presentations as required.
- Be part of a dynamic team with leadership and mentoring opportunities
- Prepare contract documents and provide contract administration.
- Proactively and professionally communicate with contractors, co-workers, clients, and the general public.

About You

This opportunity is well suited for experienced engineers with a civil or environmental engineering background who are excited to provide great service to our internal and external clients. Background or a keen interest in water and wastewater and working with local municipalities and First Nation communities in British Columbia. In addition, the following attributes would be considered a benefit to this role:

- You can work on multiple projects and thrive in a self-directed work environment.
- You take initiative, are a problem solver and continually deliver consistently high-quality work.
- You enjoy listening and collaborating with people of varying backgrounds and perspectives to provide practical solutions.
- You hold a valid class 5 drivers' license
- You demonstrate a commitment to learning through the ongoing achievement of personal and professional goals.
- You are registered or eligible to register as a P.Eng. in British Columbia with 4+ years of water and wastewater experience.

About Us

Urban Systems is an employee-owned inter-disciplinary community consulting firm with deep Canadian roots. We are united in our mission to transform communities everywhere into vibrant places where people want to live today, tomorrow, and forever.

At Urban Systems, vibrant communities are everything—including our own work community. Since 1975, we have grown to more than 550 people with 15 offices across Canada. Every day, our purpose-driven team works closely with our clients and their communities to deliver impactful work. We are proud to work with diverse clients including Indigenous communities, all levels of government, commercial and residential land developers, and the natural resource sector.

Our Commitment to You

Are you looking to take on new challenges and opportunities to create lasting impact in your community? Join a tight-knit team of professionals at Urban Systems where your skills, contributions, and ideas are valued and recognized. Here's what you can expect working with Urban Systems:

- **Create Lasting Impact.** You'll have a multitude of opportunities and exposure to work on diverse and challenging projects that will create lasting impact on communities for generations to come. *98% of Urban Systems employees believe that the work we do is important. Join a team of like-minded leaders and work together to bring to life impactful community projects.*
- **Competitive Pay.** Your skills and contributions are valued. You'll receive competitive compensation, extended health, dental, and vision care coverage.
- **Paid Time Off.** We understand the importance of taking time off to recharge and spend time with loved ones! Enjoy 3 weeks of paid vacation to start, in addition to statutory days off throughout the year.
- **You're in Good Company.** Build relationships with a dynamic, accountable, and engaged team fueled by our shared purpose. Every branch facilitates connection with a series of events, and we get together company-wide annually to celebrate and recognize all employees.
- **Flexible Hours & Work Environment.** You have a life outside of work! We offer flexibility in your work schedule and work environment to help you do your best work and meet your commitments.
- **Saving for the Future.** To help you achieve your goals for retirement, we offer a Long-Term Matching Program to aid in your financial success by matching your contributions to an RRSP or TFSA.
- **Work with Inter-Disciplinary Teams.** Amazing things happen when you mix creativity, curiosity, teamwork, and a strong desire to collaborate and innovate. You

will be part of diverse, inter-disciplinary teams to deliver important work for our clients and their communities.

- **Beautiful Office.** Do your best work in office spaces designed with your needs in mind. Each of our 15 offices has its own unique personality and design.

Join a diverse team of industry professionals at Urban Systems and take part in our mission of building vibrant communities across Canada!
